# No Monthly Fees. No Contracts. Free Lifetime Upgrades.

Compatibility with 2000+ devices.

## OUR SERVICES

### Self-Monitoring

Vera users save money by self-monitoring their systems, receiving instant text alerts of any security or safety events. Included with all Vera controllers for no additional charge.

### Now Available! VeraSentinel

Optional Intelligent Camera Management provides secure video archiving and camera hot zoning with specific notifications when defined areas are triggered.

### Now Available! VeraProtect

Optional 24/7 Professional Security Monitoring is available throughout the U.S. Just like what the big alarm security guys do, but for a much lower price. In the event of trouble, your local Police / Fire / EMS dispatch will be called by one of our operators.

## OUR CONTROLLERS
